

**Lawrence Cuda will examine the call to be an Oblate of St. Benedict at a special presentation at April 20<sup>th</sup> 7PM Potters Cellar, Newman Center, Morgantown**

## **What is an Oblate?**

**Oblates seek God and are eager for the Work of God.**

**With secularization and widespread loss of religious values so prevalent in our culture, Oblates provide witness to an intensive Christian life – which essentially means living out the promise of ongoing conversion in Christ.**

**Oblates witness to families in a return to Christian principles of faith and obedience.**

**Oblates mediate between monasticism and the world, bringing to the world the values which monasticism holds up as important for the Christian way of life.**
